Engravers, Designers and Manufacturers  
of Bronze and Brass Memorial Tablets  
Monumental Bronzes, Etc.    ::    ::    ::

---

**WE** illustrate a number of designs we have executed in Brass and Bronze for Memorial Commemorative and Commercial purposes.

Bronze Tablets are engraved or cast in relief and finely chased by skilled workmen, the finish usually being statuary bronze. They are equally adapted for interior as well as exterior use.

Brass Tablets are made with incised letters deeply cut on specially prepared polished metal and inlaid with cement that is guaranteed to last.

Brass Tablets are lacquered with the finest quality of Egyptian lacquers obtainable to prevent corroding.

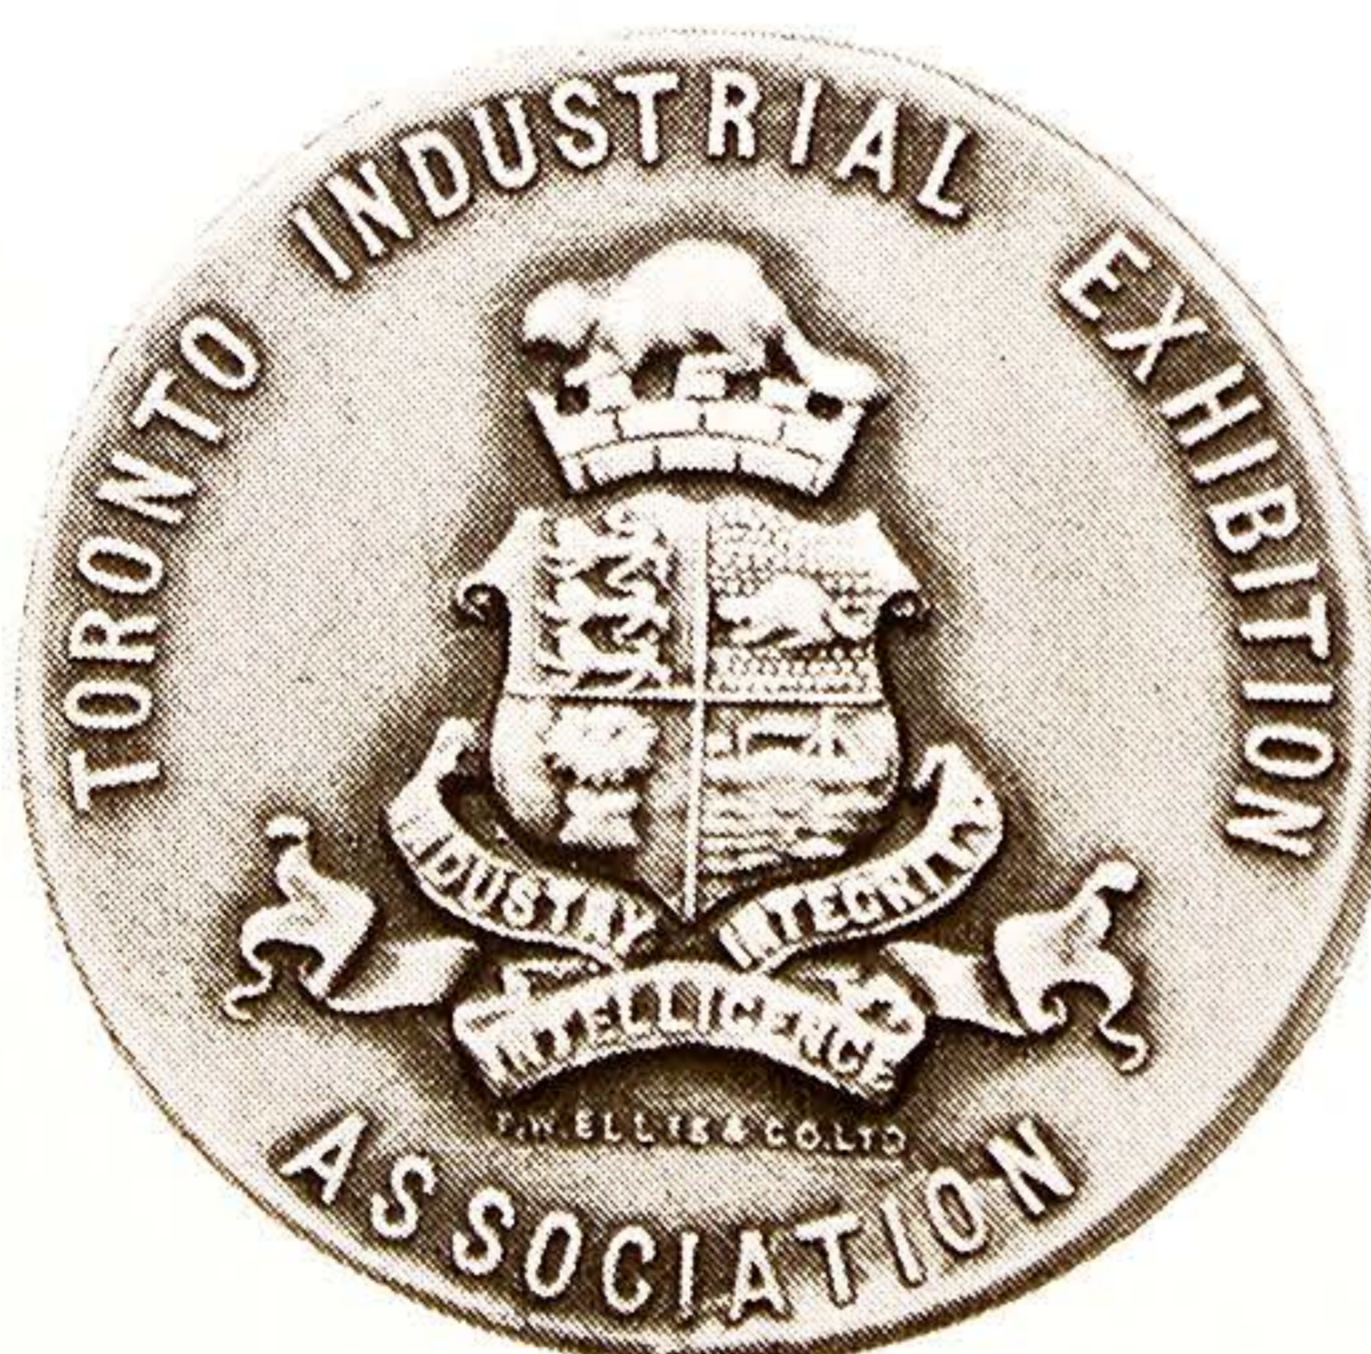

Mountings are generally quarter cut weathered oak, walnut or mahogany or can be embellished with raised brass or bronze border.

---
